

# Specification Take-Off Service

**Honeywell**

**Honeywell**  
Diamond Distributor  
2005 - 2010  
[www.BroudyPrecision.com](http://www.BroudyPrecision.com)

Honeywell's valve, actuator, damper, and VFD Specification Take-Off Service allows contractors and distributors to quickly and easily submit job specifications and engineering documents and receive a complete product schedule.

# Why do it yourself when Honeywell can do it for you?

Honeywell is pleased to offer a valuable service at no additional charge. You can submit your building drawings, specifications, or schedules to have a take-off performed by our well trained technical team. A completed schedule, including base pricing and product specifications, will be provided.

The Honeywell Take-Off Service can create product schedules from:

- Product specifications
- Existing schedules
- Drawings
- Obsolete or competitive schedules

Our goal is to help provide you with the best possible solution for each job.

## WHO CAN USE THE SERVICE?

Any Honeywell contractor or distributor in North America can use the Take-Off Service.

## PRODUCTS SUPPORTED BY THE TAKE-OFF SERVICE

- Commercial Water and Steam Valves
- Valve Actuators (Electric or Pneumatic)
- Commercial Control Dampers
- Custom Dampers
- Damper Actuators (Electric or Pneumatic)
- Variable Frequency Drives

## HOW TO USE THE HONEYWELL TAKE-OFF SERVICE

Follow these easy steps to take advantage of this service:

1. Go to <http://customer.honeywell.com/spectakeoff>, then click on the "Take-Off Service Worksheet" and download a copy to your computer.
2. Use the worksheet to complete your contact information and the data required for product selection in the spreadsheet tabs. You can also submit your own schedule in the form of an Excel spreadsheet, a Word document, or PDF.
3. Include your desired turn-around time.
4. Submit your information in one of the following ways:
  - a) Email to [takeoff.service@honeywell.com](mailto:takeoff.service@honeywell.com) (preferred)
  - b) Fax toll-free to 1-877-880-3386 (local: 1-612-951-1238)
5. Take-Off Service staff will send you a confirmation that your email or fax was received.

We always attempt to have your request finished as soon as possible. Please note, however, that the quality of the submitted information largely determines the turn-around time. We will work closely with you to ensure that we have enough information to move forward as quickly as possible.
6. A final product schedule document will be returned to you following take-off completion.

## INCLUDED IN THE FINAL TAKE-OFF DOCUMENT

We send a comprehensive spreadsheet, which contains:

- A complete product schedule
- Base price
- Directions on how to order Honeywell products
- Links to product submittals
- Quote identification number

## QUESTIONS

If you have questions about the Honeywell Take-Off Service, please call the dedicated Take-Off Service phone number or email us at [takeoff.service@honeywell.com](mailto:takeoff.service@honeywell.com).
